## **Evaluation Agreement**

This is an agreement between Swell Software, Inc., located in Port Huron, MI, USA, and

\_\_\_\_\_, located at

\_\_\_\_\_

\_\_\_\_\_ (hereafter 'EVALUATOR').

EVALUATOR has expressed the desire to evaluate certain software products that are the property of Swell Software, Inc. These software products include the PEG™ class library, which is a graphical interface class library, PegFontCapture (which is a supporting utility program), PegImageConvert (also a supporting utility program), WindowBuilder (also a supporting utility program), and all related documentation. Swell Software hereby claims all copyright protections of these software products, including source code, executable programs, documentation, and libraries, in any and all formats suitable for use.

Therefore, for the purpose of this evaluation, the parties agree as follows:

1. EVALUATOR agrees that said software products, copyrights, and all other proprietary rights for said software products remain the sole property of Swell Software.
2. This agreement extends to EVALUATOR rights only to evaluate the software products owned by Swell Software, Inc, and in no way implies that EVALUATOR has obtained license to use these software products for commercial purpose or modify these software products in any way. EVALUATOR will not copy or distribute in any form the software products owned by Swell Software beyond what is reasonably required to perform the stated evaluation.
3. This document represents the complete agreement, and supersedes any and all previous agreements, either verbal or written, between Swell Software and EVALUATOR.
